**HOTEL CROWNE PLAZA MILANO LINATE**

Via C. Adenauer, 3 - 20097 San Donato Milanese MI

Dear Colleague,

my Department and the “Scuola di Oncologia Chirurgica Ricostruttiva” are organizing the “Plastic and Reconstructive Surgery of the Breast, 2<sup>nd</sup> European Conference” that will be held in Milan, Italy the 6<sup>th</sup>-10<sup>th</sup> November 2003.

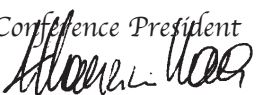

The goal of the conference is to gather International and European experts in breast cancer and reconstructive plastic surgery for four days and compare and share experiences in surgical techniques with our live surgery, video teaching sessions, workshops and lectures.

As you will see by looking at our programme, all aspects of breast reconstruction are covered and this year we have also involved International experts in Senology, Radiology and Genetics to allow the determination of the correct detection, approach and follow-up for reconstructive and aesthetic surgery. The cosmetic outcome is of extreme importance and our experts will illustrate their personal approach during the conference.

You will find the registration forms at the back of the programme. Further information can be found on our web-site [www.breastprs-milano.com](http://www.breastprs-milano.com)

I sincerely hope to see you in Milan during the conference.

Best Regards,

Maurizio Nava  
Conference President

## Abstracts

Participants are invited to send abstracts on:

- Innovations, complications and new techniques in breast reconstruction
- Prevention and detection in breast cancer
- Aesthetic breast surgery

The abstracts will be reviewed by the Scientific committee and the abstracts that are given the highest points will be included in the Scientific Programme.

Abstracts must be written in English and be in Times New Roman font and should not exceed 1000 characters.

Send the abstract either by e-mail as an attached document to:

**congress@cq-travel.com** indicating as the subject Plastic and Reconstructive Surgery or by surface mail saved on a floppy disk in "word". You should indicate the authors name and the list of co-authors, the name of your institute and personal address, e-mail, telephone and fax.

The deadline for abstracts is 31<sup>st</sup> August 2003 and acceptance of the abstracts will be communicated before the 30<sup>th</sup> September.

The postal address for abstracts is:

## SCHOOL OF ONCOLOGICAL RECONSTRUCTIVE SURGERY

The School of Oncological Reconstructive Surgery was founded with the scope of increasing knowledge in the area of reconstructive oncology. Founded in June, 1999 by **Maurizio Nava MD**, director of the Plastic and Reconstructive Surgery Unit of the National Cancer Institute of Milan.

The goals of the School are:

- To contribute in increasing information available in the area of oncological reconstructive surgery.
- To organize and promote Courses, Seminars and Congresses on this area of speciality.
- To develop research in oncological reconstructive surgery and produce journals and multi-media material.

## SCUOLA DI ONCOLOGIA CHIRURGICA RICOSTRUTTIVA

La Scuola di Oncologia Chirurgica Ricostruttiva è stata fondata con lo scopo di aumentare le conoscenze dei medici in campo oncologico ricostruttivo. È stata fondata nel giugno 1999 dal **dott. Maurizio Nava** direttore dell'Unità Operativa Complessa di Chirurgia Plastica e Ricostruttiva dell'Istituto Nazionale per la Cura e lo Studio dei Tumori di Milano.

La Scuola ha i seguenti obiettivi:

- Contribuire a diffondere una maggiore informazione in campo oncologico ricostruttivo.
- Organizzare e promuovere Corsi, Seminari e Congressi sull'argomento.
- Occuparsi della ricerca in campo oncologico ricostruttivo e produrre articoli e materiale video
