Main Topics

BREAST REDUCTION and PEXY
BREAST AUGMENTATION
BREAST IMPLANTS
SPAIR TECHNIQUE
CASES SENT BY THE ATTENDEES
MASTERCLASSES / VIDEOTEACHING
IN-DEPTH LECTURES

Conference Presidents
Maurizio Bruno Nava (Italy)
Alberto Rancati (Argentina)

Scientific Committee
Giuseppe Catanuto (Italy)
Nicola Rocco (Italy)

Organising Committee
Gianfranco Tunesi (Italy)
Valentina Visintini Cividin (Italy)

Invited Speakers
Christoph ANDREE (Germany) - Eric AUCLAIR (France) - Yoav BARNEA (Israel)
Phillip BLONDEEL (Belgium) - Mitchell BROWN (Canada) - Antonella CAMPANALE (Italy)
Lazaro CARDENAS (Mexico) - Burcu CELET OZDEN (Turkey) - Roy DE VITA (Italy)
Dennis HAMMOND (USA) - Paul HARRIS (UK) - Per HEDEN (Sweden)
Ernst Magnus NOAH (Germany) - Patrick MALLUCCI (UK)
José Luis MARTIN DEL YERRO (Spain) - Tatiana MAVRODI (Russia)
Paolo MONTEMURRO (Sweden) - Alexandre MUNHOZ (Brazil)
Luis Fernando PERIN (Brazil) - Constantin STAN (Romania)
09.15 - 09.50  Online Connection and meet the technician for any problem

09.50 - 10.00  Opening by M.B. Nava and A. Rancati

10.00 - 13.00  VIDEO TEACHING SESSION - TIP & TRICKS: HOW TO USE IMPLANTS TO REACH THE BEST OUTCOME

Simultaneous Mastopexy augmentation - A. Rancati
Breast Augmentation - Y. Barnea
Mastopexy Augmentation - D. Hammond
Breast Augmentation through minimal scars - A.M. Munhoz
Step by step on breast augmentation with anatomical macro textured breast implant - L.F. Perin
SCHEER-Hearing on BIA-ALCL: my presentation at the audition - M.B. Nava
Modified Hall Findlay technique for Breast Reduction - C. Andree

13.00 - 13.30  LUNCH BREAK

13.30 - 14.00  Cases sent by the attendees - Particular cases
A. Rancati - P. Montemurro - Y. Barnea - D. Hammond - M.B. Nava

14.00 - 15.00  Revision Surgery after Breast Augmentation and Pexy / Reduction: (10’ each)
How to prevent and solve side effects.

How to prevent side effects - M.B. Nava
How to minimize implant Contamination - E.M. Noah
How to minimize Poor Animation - P. Montemurro
Surface area-based classification for capsular contracture - D. Hammond
Implant revisions for overcoming long term problems - B. Celet Ozden

Q&A

15.00 - 15.15  BREAK
15.15 - 16.25
(10’ each)
Implant Visibility and Breast Distortion - A.M. Munhoz
Implant malposition - Y. Barnea
Re-Reduction - P. Harris
Implant Rupture - A. Rancati
Chalanges on mastopexy augmentation - My mind process on decisions making
L.F. Perin
Waterfall Deformity - Y. Barnea
Q&A

16.25 - 17.25
IN-DEPTH LECTURES
(10’ each)
Control of the IMF in breast augmentation - D. Hammond
Transitioning From Conventional Textured to Nano textured Breast Implants: Our Early Experience and Modifications for Optimal Breast Augmentation Outcomes - P. Montemurro
Breast shape analysis and objective surgical outcome evaluation - G. Catanuto

17.25 - 17.45
MASTER LECTURE - D. Hammond
Peri-areolar mastopexy, augmentation mastopexy, and revision
10.50-11.00  
Opening by *M.B. Nava* and *A. Rancati*

**BREAST REDUCTION AND PEXY**

11.00 – 11.25  
**GUEST LECTURE** - *P. Heden*  
My learning curve on Mastopexy Augmentation

11.25 - 11.40  
**MASTERCLASSES / Video teaching session(DeferredSurgery)**  
(choose one of the proposed videos)

- “Inside” Mastopexy Augmentation - *C. Stan*
- How to make fat grafting working in one session - *A. Rancati*
- Primary symmastia with breast hypertrophy - *B. Celet Ozden*
- Surgical tricks for good outcome in Breast reduction/Mastopexy with Implants - *R. De Vita*

11.40 - 12.40  
(10’ each)

- Implant removal/change and mastopexy - *P. Harris*
- Mastopexy and Light Implants: which are the advantages? - *M. del Yerro*
- Round VS Anatomical Implants: how to choose? - *P. Mallucci*
- How to Correct RELAPSES of Ptotic Breast/Slings or Meshes? - *R. De Vita*

12.30 - 13.00  
**BREAK**

13.00 - 14.00  
**MASTOPEXY**  
(10’ each)

- Mastopexy with dissolvable mesh - *P. Harris*
- Composite Breast Augmentation in primary case - *E. Auclair*
- Anatomical decision-making in mastopexy-augmentation - *P. Harris*
- Mastopexy Augmentation WITHOUT Implants - *A. Rancati*
- Composite Breast Augmentation in secondary case - *E. Auclair*

14.00 - 14.35  
**LUNCH BREAK**
14.35 - 15.35  BREAST REDUCTION  
(10’ each)  
How to Manage Gigantic Breast Reduction - T. Mavrodi  
Why anatomical breast implants can make a difference? - L.F. Perin  
The “SEPTUM”: real anatomical identity? - A. Rancati  
Breast reduction: making the Wise pattern FIT - P. Harris  
Round Block technique: any limits related to breast size? - A. Rancati  
Q & A

15.35 - 15.50  MASTERCLASSES / VIDEOTEACHING  
(choose one of the proposed videos)  
Breast Reduction by using Vertical Scar - E.M. Magnus Noah  
T inverted scar: why I’m using it: Surgical Tricks using an Inferior Pedicle - A. Rancati  
Technique for dual plane breast augmentation - M. Brown  
FIT pattern breast reduction - P. Harris

15.50 - 16.05  BREAK

16.05 - 16.45  (10’ each)  
SPAIR technique: patient selection and results - D. Hammond  
Matopexy augmentation: how to minimize complications - L. Cardenas  
Transgender breast surgery - M. Brown  
Q & A

16.45 - 17.15  INTRODUCING LECTURE - P. Heden  
Implants Breast Evolution
11.00 - 11.15 VIDEO TEACHING SESSION
(choose one of the proposed videos)

Hybrid Breast Augmentation - P. Blondeel
Dual Plane approach - P. Montemurro
New IMF position: how to measure - M.B. Nava
En block capsulectomy - Y. Barnea
Secondary Surgery: how to realize different pocket position - B. Celet Ozden
How to use dual gel implants - C. Stan

11.15 - 12.10
(10' each)
Light Implants: correct indications - P. Mallucci
How to Properly use Polyutherane Covered Implants - R. De Vita
How to Manage Implant Removal Without Replacement - T. Mavrodi
Dual Plane VS Hybrid Augmentation - P. Blondeel
3D Imaging: does it really work? - P. Montemurro
Q&A

12.10 - 12.20 HOT TOPIC
Management of BIA-ALCL by the Italian Ministry of Health
A. Campanale

12.20 - 12.40 BREAK

12.40 - 13.50
(10' each)
The dual vascular pedicle: my own technique of performing mastopexy augmentation - P. Montemurro
Volume Distribution of the Implant according to the Nipple - M. del Yerro
Primary augmentation with precision filled implants - B. Celet Ozden
My learning curve after macrotextured implants voluntary recall - E.M. Noah
Peri areolar mastopexy, augmentation mastopexy, and revision - D. Hammond
Short scar technique: true added value or just a marketing tool? - P. Montemurro
Q&A

13.40 - 14.30 LUNCH BREAK - LUNCH SYMPOSIUM

14.00 - 14.30
“Decision-Making in Implant Selection”
Mr M. Pacifico (UK)

14.30 - 15.00
(15’ each)
My way for a perfect breast augmentation
D. Hammond - P. Heden
Minimally Invasive scar Breast Augmentation: what does it mean? - A.M. Munhoz
Fat Breast Augmentation is it as Simple as it Looks? - A. Rancati
Should macrotextured implants be removed in any case? - L.F. Perin
Round VS Shaped implants: which is the best option? - L. Cardenas

Q&A

15.50 - 16.05
MASTERCLASSES/ Video teaching session (Deferred Surgery)
(choose one of the proposed videos)

SPAIR technique: patient selection and results - D. Hammond
Mastopexy Augmentation: How to choose the best option - L. Cardenas
My personal technique to improve fat grafting in Hybrid breast augmentation - A. Rancati
How to realize a pocket through a minimal skin incision - A.M. Munhoz

16.05 - 16.20
BREAK

16.20 - 17.35
HOT TOPICS
(15' each)

Tuberous Breast: How to manage it - L.F. Perin
What is the evidence on BIA-ALCL? - N. Rocco
What I’ve changed in my practice after ALCL - M. B. Nava
Control of the IMF in breast augmentation - D. Hammond

17.20 - 17.30
Closing, Remarks

17.30 - 18.00
“Workshop Motiva” Motiva Italy
A.M. Munhoz

...AND AFTER THREE DAYS OF FOLLOW-UP VIRTUAL MEETING STAY TUNED TO YOUR FAVOURITE CHANNEL UNTIL THE NEXT EVENT ON 15/18 DECEMBER 2021!
