FONDAZIONE ETS

Welcome Message

Dear friends and colleagues,

Oncoplastic Breast Surgery is a complex and challenging field in plastic surgery, and staying up-to-date with the latest techniques and best practices is essential for any surgeon who wants to provide the best possible care to their patients. That's why attending a breast reconstructive course like Masters and Promises in Milan can be an invaluable experience for surgeons at all levels of expertise.

One of the key reasons why a surgeon should consider attending our event, is the opportunity to learn from some of the most experienced and respected experts in the field. These experts have years of experience and have mastered the latest techniques in breast reconstruction, and they are willing to share their knowledge with younger surgeons. There will be presentations involving the "masters" and the also presentations given by the younger surgeons that have had the great opportunity to learn from some of the best in the surgical world.

One of the main aspects that we focus on in this course is generosity. The experts who are teaching at Masters and Promises are committed to passing on their knowledge to the next generation of surgeons. They understand that the future of breast reconstruction lies in the hands of these young surgeons, and they want to ensure that they are well-prepared to provide the best possible care to their patients in the future.

Attending this course can also be an excellent networking opportunity. Surgeons from all over the world will gather in Milan, and this provides a unique chance to connect with colleagues and experts from different backgrounds and cultures. Building relationships with other professionals in the field can be invaluable for exchanging ideas and staying up-to-date with the latest developments.

As a surgeon, it is a great investment for anyone who is looking to improve their skills and knowledge in this field. With a focus on generosity and expert training, this course can help surgeons provide better care to their patients and advance their careers in the field of reconstructive plastic surgery.

Hoping to see you in Milan!

Maurizio Bruno Nava

MBN 2023
ONCOPLASTIC
BREAST MEETING
masters & promises

13th December

14.00

REGISTRATION

15.15-15.30

OPENING

15.30-18.30

VIDEO TEACHING SESSIONS: CASE SERIES

Moderator: *M.B. Nava - A. Rancati*

Case series based on pre-op. patients characteristics, oncological features, patient's wishes, imaging; five KOL will introduce the last surgical procedures, tip and tricks, new devices and material and how to use them to improve the final outcome in oncoplastic breast surgery.

Each session will start with multiple choice questions in an interactive way with the attendees in order to investigate the attendees preferences before and after the video teaching session (6' each)

TOPICS:

Breast Conservative Surgery and Breast Reshaping
Y. Masannat - A. Karakatsanis - C. Urban - A. Tejerina

Sparing Mastectomies and DTI
M. Nahabedian - D. Casella - R. De Vita - F. De Lorenzi

Implants selection based on Breast Anatomy and Patient Wishes -
How and when to use Fluorensence
A. Rancati - G. Pons - M. Salgarello - F. Reyal - B. Cagli

Autologous tissue - Perforator flaps - Microsurgery - Hybrid - L.D. - TRAMF
M. Salgarello - D. Hammond - C. Angrigiani - M. Nahabedian - E. Gonzalez

Two Stage - Revision Surgery
A. Gabriel - Y. Barnea - A. Rancati - D. Hammond - A. Tejerina

14th December

08.30-08.50

OPENING LECTURE

Half century of Oncoplastic Breast Surgery: my personal journey
M.B. Nava

Morning Chairs (08.50-13.00):

G. Catanuto - M. Nahabedian - A. Grasso

08.50-09.45

Impact of Fluorescence in Oncoplastic Breast Surgery

Principles og ICG Technology - Importance of breast perforators mapping in oncoplastic surgery - Can we preserve breast sensivity after mastectomy

A. Rancati (12')

SLN & ICG - Fluorescent nerve visualization - *F. Dip (12')*

Free flaps & ICG - *C. Angrigiani (8')*

Flourescence & lymphedema - *G. Pons (8')*

Discussion (15')

09.45-10.00

KEYNOTE LECTURE

How to plan a conservative mastectomy to reduce complications

N. Rocco

10.00-11.20

Conservative mastectomies and DTI-IBBR : How I do it (8' each)

"How I do it" includes: pre-operative description, pre-operative marking, surgical tricks (supported by micro videos). Final results (post op at three and six months)

Nipple-sparing mastectomy - *A. Rancati*

Skin sparing mastectomy - *Y. Barnea*

Skin reducing mastectomy - *E. Gonzalez*

How to choose the surgical procedure in relation to the anatomy of the breast -

A. Rancati

Two-stage technique - *A. Gabriel*

DTI dual plane ADM-assisted - *M. Nahabedian*

Prepectoral breast reconstruction - *R. De Vita*

Prepectoral breast reconstruction - *D. Casella*

Discussion (15')

10.30 - 11.30

COFFEE STATION

MBN 2023

14th December

10.30 - 11.30

COFFEE STATION

11.20-11.40

MASTERS AND PROMISES

Post-NACT Axillary management - *H. Kuerer / G. Montagna*

11.40-12.25

SPECIAL SESSION (8' each)

Alternative use of implants in breast cancer management - *F. Reyal*

Polyurethane VS ADM implant covered: a retrospective comparative survey

F. De Lorenzi

SRM and DTI: My personal technique in large breasts - *N. Nafissi*

Evolution on Two-Stage - *A. Tejerina*

Hybrid Breast Reconstruction - Prepectoral Direct to Implant with Immediate Fat Injection - *Y. Gronovich*

Discussion (8')

12.25-12.45

GUEST LECTURE

De-escalation of surgery - *H. Kuerer*

12.45-13.05

ONGOING TRIALS

TAXIS trial/OMA trial/ICARO trial - *W. Weber - G. Montagna (10' each)*

13.05-14.00

GROUP PHOTO  **& LUNCH**

Afternoon Chairs (14.00-17.25):

N. Rocco - G. Montagna - S. Polotto

14.00-15.00

Primary systemic therapies and surgery (10' each)

What is new in primary systemic therapies for breast cancer - *C. Criscitiello*

Breast surgery following primary systemic therapies - *W. Weber*

DESCARTES trial: omitting RT in pCR patients - *F. Van Duijnhoven*

Adjuvant therapies following primary systemic therapies - *C. De Angelis*

Radiotherapy following primary systemic therapies - *P. Poortmans*

Discussion (10')

14th December

- 15.00-15.40 **Breast cancer treatment in BRCA mutation carriers** (8' each)
In favour of breast conserving surgery - *Y. Masannat*
Against breast conserving surgery - *W. Weber*
Systemic therapies in BRCA mutation carriers - *C. De Angelis*
RT in BRCA mutated patients - *L. Lozza*
Risk reduction mastectomies (focus on in patients with a previous history of breast cancer)
R. De Vita
- 15.40-16.00 **MASTERS AND PROMISES**
The evolution of breast reconstruction - *P. Cordeiro / S. Polotto*
- 16.00-16.20 **COFFEE BREAK**
- 16.20-17.10 **Risk reduction in BRCA mutation carriers** (8' each)
What is new in the genetic assessment of women with familiar history for breast cancer
A. De Nicolo
Risk reduction mastectomies - *M. Knauer*
Non Surgical Risk Reduction - *C. Criscitiello*
Follow-up following risk reducing surgery - *E. D'Ascoli*
Risk management of breast cancer susceptibility genes mutations in male carriers
A. Curcio
- Discussion (10')
- 17.10-17.25 **KEYNOTE LECTURE**
Oncoplastic surgical paradigms: integrating patients values and surgical techniques for the right choice - *G. Catanuto*
- 17.25-18.10 **INDUSTRY SPONSORED SESSION**
- 18.10-18.45 **INDUSTRY SPONSORED SESSION**
- 18.45 **WELCOME COCKTAIL**

15th December

Morning Chairs (08.00-13.00):
M.B. Nava - G. Catanuto - S. Polotto

08.00-08.30

MORNING FOCUS

The symmetrization of the contralateral breast in relation to the type of breast reconstruction for a long-lasting result. My personal view
D. Hammond - M. Hamdi - M. Nahabedian

08.30 - 08.45

KEYNOTE LECTURE

Management of loco-regional recurrence - *I. Rubio*

08.45-09.25

Oncoplastic Breast Conserving Surgery : How I do it (10' each)

Minimal reshaping - *Y. Masannat*

Maximal reshaping and Bilateral mammoplasty - *A. Karakatsanis*

BCS in small breast and implants - *C. Urban*

Discussion (10')

09.25-10.10

Teaching on live models. Breast Conservative Surgery & Reshaping

A. Rancati - R. De Vita - Y. Masannat - E. Gonzalez - M. Hamdi - M. Knauer

10.10-10.45

MASTER SESSION - Radiotherapy and IBBR: still a risky procedure? (13' each)

L. Lozza - P. Cordeiro

Discussion (8')

10.45-11.25

Special topics on OBS (8' each)

Techniques for TAD procedure after neoadjuvant treatment - *I. Rubio*

Perforator flaps: PERDITA Survey - *A. Karakatsanis*

Immediate Fat grafting and breast conservation - *E. Gonzalez*

Assessment of margin in Breast Conservative Surgery - *D. Casella*

Discussion (8')

10.30 - 11.30

COFFEE STATION

15th December

11.25-12.15

Management of complications in oncoplastic breast surgery (8' each)

How to manage complications in implant-based breast reconstruction - *M. Nahabedian*

How to manage complications in oncoplastic breast conserving surgery - *C. Urban*

How to manage complications in autologous tissue -based breast reconstruction

M. Salgarello

NPWT in the prevention of complications in OPBS - *P. Ferrando*

Incisional negative pressure wound therapy (inpwt) for prevention of breast surgery complications - *P. Cristofolini*

Discussion (8')

12.15-13.00

KEYNOTE LECTURES (15' each)

The use of intraoperative US in assessing margins - *I. Rubio*

Breast Reconstruction after NST: which is the best approach in implant based breast reconstruction? - *E. Gonzalez*

From two stage to Bioengineering Breast Reconstruction - *A. Gabriel*

13.00-14.00

LUNCH

Afternoon Chairs (14.00-18.20):

A. Rancati - N. Rocco - A. Grasso

14.00-14.50

SPECIAL SESSION - Surgeons vs Radiation Oncologists (10' each speaker)

Breast reconstruction in the RT setting - *M. Salgarello - P. Poortmans*

Breast conserving surgery for multiple ipsilateral cancers - *M. Knauer - I. Meattini*

Discussion (10')

14.50-15.40

Meshes: To use or not use? (8' each)

Prepectoral breast reconstruction: do we need an ADM? - *C. Urban*

The use of human-derived ADMs - *P. Ferrando*

DTI Breast Reconstruction - *G. Grilz*

ADMs and expanders - *A. Gabriel*

Clinical outcomes of different types of synthetic meshes in Immediate Breast Reconstruction - *N. Nafissi*

Discussion (10')

15th December

15.40-16.10

Breast Imaging and Oncoplastic Breast Surgery (10' each)

BTCC standardization of measurements at digital mammography - *M. Durando*

Decision-Making for conservative mastectomies and pre-operative imaging - *A. Rancati*

Discussion (10')

16.10 -16.30

COFFEE BREAK

16.30 -16.50

GUEST LECTURE

Axillary management in upfront surgery for breast cancer in the XXI Century

M. Knauer

16.50-17.10

MASTERS AND PROMISES

Radiotherapy and Immune Therapy - *P. Poortmans / A. Zamagni*

17.10-18.20

Tips and tricks on DTI in Implant Based Breast Reconstruction: planning, measurements and surgical procedures (8' each)

Pre-pectoral implant positioning - *F. Reyal*

My personal thoughts on total breast implant coverage with ADM - *F. De Lorenzi*

When and how i use meshes and which my preferred one - *Y. Barnea*

When and how I select a Polyurethane covered implant - *M. Salgarello*

Poliurethane silicone implants and Liacyr Ribeiro Safety Flap in Oncoplastic Breast Reconstructions - *C. Boechat*

Skin Sparing - Skin incisions - *M.B. Nava*

To Pre or not to Pre - *D. Casella*

Discussion (10')

18.20-19.00

INDUSTRY SPONSORED SESSION

16th December

Morning Chairs (08.00-14.00):
M.B. Nava - G. Catanuto - N. Rocco

08.00-08.50

HOT TOPICS (8' each)

Artificial Intelligence in Oncoplastic Breast Surgery: Myths or reality? - *G. Catanuto*

NAC Reconstruction or reshaping: what's new? - *N. Balestrieri*

The gold balance and the cycle of remodeling: degradation and regeneration in breast surgery *D. Varvas*

Light implant in IBBR - *M. Hamdi*

My decision algorithm in breast reconstruction - *M. Salgarello*

Discussion (10')

08.50-09.50

MASTER KEYNOTE LECTURES (20' each)

Ethics in oncoplastic breast surgery - *G. Macellari*

Oncoplastic breast conserving surgery - *F. Mc Neill*

Fat Grafting: what's new - *G. Rigotti*

09.50-10.30

Autologous-tissue based breast reconstruction: How I do it (8' each)

DIEP flap - *M. Salgarello*

LD Flap - *D. Hammond*

TRAMF - *E. Gonzalez*

Perforator flaps - *C. Angrigiani*

Discussion (8')

10.30-11.00

RT and Breast Reconstruction: Have the new techniques improved tissue and breast implants damages and therefore improved reconstructive results? (8' each)

The point of view of the radiation oncologist - *I. Meattini*

The point of view of the senologist - *M. Knauer*

The point of view of the plastic surgeon - *A. Rancati*

Discussion (5')

11.00-11.20

COFFEE BREAK

16th December

- 11.20-12.00 **How I do it: Teaching on live models - Implant based breast reconstruction measurements (two-stage/dual plane/pre pec/ADM/Synthetic)**
M. Nahabedian - M. Salgarello - D. Hammond - D. Casella - A. Rancati
- Discussion (10')
- 12.00 – 12.40 **SPECIAL SESSION - Implant-based vs Autologous tissue-based breast reconstruction**
(10' each)
Cochrane Review Implant-based vs. Autologous tissue - *N. Rocco*
M. Salgarello VS M. Nahabedian
- Discussion (10')
- 12.40-13.25 **Special session - Ideas and Innovations** (8' each)
Breast Cancer Metaverse - *P. Gouveia*
Virtual reality and breast surgery - *F. Reyal*
In silico trials - *G. Catanuto*
Face to face meeting between surgeons and engineer - *D. Garcia*
- Discussion (12')
- 13.25-13.45 **MASTERS AND PROMISES**
Oncoplastic breast surgery: from the previous century to today - *F. Caruso / A. Grasso*
- 13.45 – 14.40 **Special topics** (8' each)
The superficial margin in mastectomies - a margin of concern? - *T. Tramm*
Assessing the superficial margin with intraop ultrasound - *I. Rubio*
Nac Sparing mastectomies: oncological considerations - *F. Caruso*
Surgery of the primary breast tumor in the metastatic setting - *M. Knauer*
Management of DCIS - *F. Van Duijnhoven*
Hybrid Breast Reconstruction - *N. Rocco*
- Discussion (8')
- 14.40 **CLOSURE & REMARKS**

HOW TO GET TO Milano

from milano malpensa

Situated 50 km from Milan, Malpensa Airport is well connected to the city centre.

The Malpensa Express takes 50 minutes to reach Milano Centrale, with 1 or 2 trains per hour (05:25–23:25 daily). The Malpensa Shuttle bus to Milano Centrale takes 50 minutes and departs every 20 minutes (06:20–01:20).

Taxis are readily available and take around an hour to reach the city.

www.milanomalpensa-airport.com

from milano linate

Milan's second airport, Linate is about 8 km from the city. The quickest link is by shuttle bus, which takes around 25 minutes to reach Centrale Station (06:30–23:30 daily). Several companies are available, all charging EUR 5 each way. Alternatively, the Urban Line 73 bus to Piazza San Babila costs EUR 2.50 (4 times an hour from 06:00–20:00, less frequently until 01:07). Taxis wait outside Arrivals, take 15–20 minutes and cost about EUR 25, depending on the traffic.

www.milanoline-airport.com

from milano stazione centrale

Considered one of Europe's most beautiful connects Milan with domestic and international locations. If you're arriving from an airport, connections can easily be made with metro and bus services. Given Milan's compact size, trains are not ideal for travel within the city. If you'd like to take a day trip, buy a special return day-trip ticket to the lake regions of Lago Maggiore and Lago di Como.

Allianz MiCo - Milano Convention Centre

via Gattamelata - Gate 14

Milano Convention Centre is right in the centre of Milan, 4 km from the Duomo and just 5 minutes from Leonardo's Last Supper.

Buses & Trams

Bus no. 78 get off at Colleoni/Gattamelata

Tram no. 19 get off at Boezio

Lilac Line 5

Get off at the "Portello" stop, walk along via Colleoni and, on the right, via Gattamelata for approx. 450 m, otherwise get off at the "Domodossola FNM" stop, and walk about 600 m towards the Congress Centre.

Red Line 1

Get off at the "Cadorna" stop, exit the subway and go to the railroad station above : take the first train departing and get off at the "Domodossola" stop just 600 m from the Congress Centre.

Yellow Line 3

Get off at the "Duomo", switch to the Red Line 1 (RHO Fiera Milano direction) Get off at the "Cadorna" stop, exit the subway and go to the railroad station above : take the first train departing and get off at the "Domodossola" stop - just 600 m from the Congress Centre.

Parking

Car parking for Allianz MiCo Milano Convention Center is located in Gate 13 Via Gattamelata.

Full day ticket: 15

Social Dinner

15 December
h. 8.15 p.m.

Located in the heart of the historical city center in Milano, Palazzo Clerici was formerly owned by one of the most important families of the XVII century, Visconti dei Consignori di Somma, but most of its renovations and embellishments were made by the Clerici Family, coming from the Lake Como, who bought the property in the second half of the XVII century. Antonio Clerici, one of the heirs of the family, who loved luxury and opulence, started to buy precious furniture, art pieces and ornaments to make the residence as much sumptuous as possible. He wanted to create a magnificent home, similar to the aristocratic French palaces, to remark the administrative power and social influence the family got at that time. Before getting married with Fulvia Visconti in 1741 he ordered Gianbattista Tiepolo to paint the ceiling of the gallery that was the main reception room of the Palace. You will have the opportunity to have your dinner in this spectacular Palace and to visit the gallery with a dedicated guide during over the course of the evening.

**SOCIAL DINNER TICKET:
NOT INCLUDED IN THE REGISTRATION FEE**

Ticket cost: 110 € per person

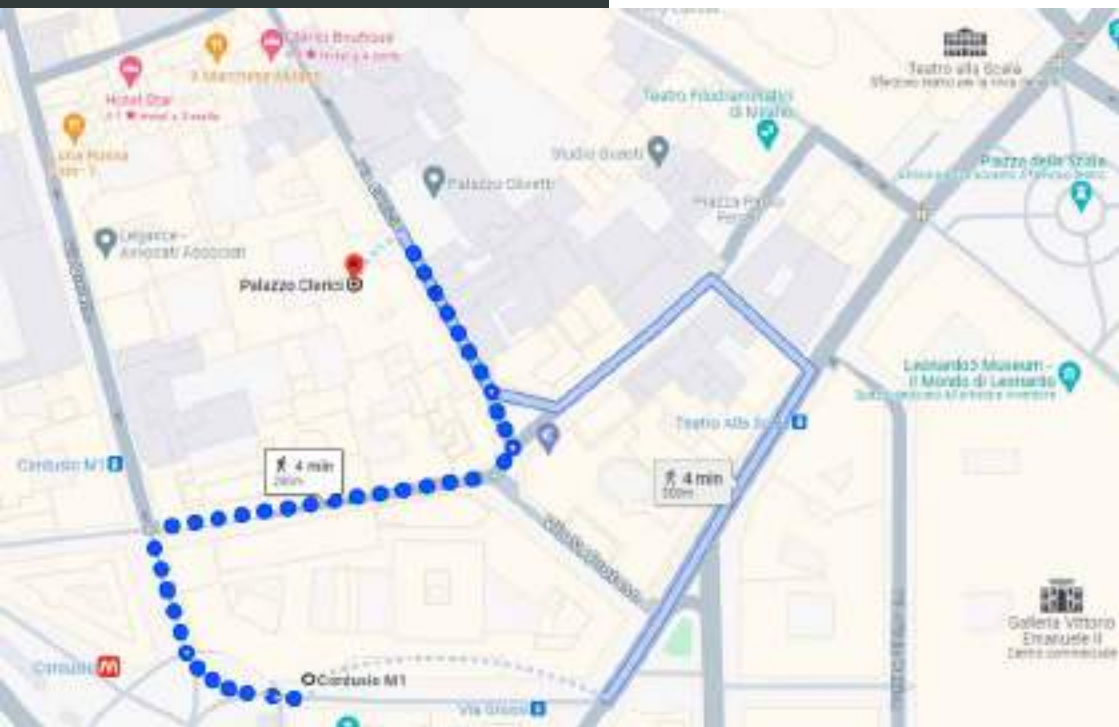

Seats are limited, so it is recommended to buy your ticket in advance through the online registration system.

Venue:

Palazzo Clerici

Via Clerici 5 – Milan

To reach the dinner venue: metro line 1, Cordusio stop or a taxi.

General Information

SECRETARIAT

The registration desk, located at the entrance of the Congress Venue, is open as follows:

Wednesday 13th December 2.00 pm - 6.30 pm

Thursday 14th December 8.00 am - 7.00 pm

Friday 15th December 7.30 am - 7.00 pm

Saturday 16th December 7.30 am - 2.30 pm

EXHIBITIONH

The exhibition area is located in the Congress Venue, Level -1.

Participants are encouraged to visit the industry exhibition, which will be accessible for the duration of the congress.

SCIENTIFIC SESSION

All Scientific Sessions will take place at Level -1. The conference hours are specified in the programme.

REFUND POLICY

In case of cancellation without replacement, the fee less handling charges of 100 EURO will be refunded, provided a written request is received by MZ Events before 15th September 2023.

No refund can be made if notice of cancellation is received after this date. Any refund will be made after the congress.

CERTIFICATES OF ATTENDANCE

Certificates of attendance will be sent by email at the end of the congress.

REGISTRATION FEE

All delegates must register to attend the congress. Registration fees as follows (Late Rate from 16th September):

DELEGATE	1000 EUR
RESIDENT/STUDENT	550 EUR

Registration in the resident category is only open to people able to provide a valid official certificate. On-site registrations and social dinner tickets must be paid only by credit card or cash.

REGISTRATION PACKAGE

The conference registration package includes:

- Congress bag and information package
- Certificate of attendance
- Attendance to the scientific sessions
- Access to the exhibition area
- Meals as indicated in the programme

BADGES

Participants are requested to wear their badges at all time during the conference for admission to all the conference areas.

LANGUAGE

Official language is English. Simultaneous translation is NOT provided.

CLOAKROOM

A cloakroom will be available for clothes and luggages for the whole duration of the congress.

WIFI

Wi-Fi will be available in the conference area.

Network: MiCo WiFi Guest

Password: Espgue3st!

INTELLECTUAL PROPERTY

During the conference, it is not permitted to film or take pictures of the speakers and/or their presentations.

Educational Credits (ECM)

Educational credits (ECM) are provided to Italian attendees only.

Si ricorda che per ottenere il rilascio dei crediti formativi ECM attribuiti alla giornata formativa, ogni partecipante deve:

- frequentare il 90% dell'impegno orario previsto, documentato dal foglio firme giornaliero;
- compilare obbligatoriamente la scheda anagrafica in ogni suo campo (in stampatello o in calligrafia leggibile), i cui dati saranno utilizzati esclusivamente ai fini ECM; le schede incomplete o illeggibili rendono impossibile l'assegnazione dei crediti ECM;
- compilare online il questionario di gradimento dell'evento.

Categoria accreditata: Medico Chirurgo

Crediti assegnati: 6

Si informa che l'attestato di partecipazione ECM non costituisce titolo abilitante per l'esercizio delle attività trattate.

EACCME Accreditation

The MBN23 - Oncoplastic Breast Meeting, Milano, Italy 13/12/2023 - 16/12/2023, has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 24.5 European CME credits (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

To receive the Certificate and get the Credits you are kindly asked to go to the Registration Desk at the end of the Conference, fill in a form with your personal data, sign for presence and give back the Learners Feedback Questionnaire duly filled out.

Assigned credits: 24.5
